Our EUDR compliance roadmap: ready today, compliant tomorrow

Weavabel is preparing for the EU Deforestation Regulation and is committed to supporting customers with relevant product information and transparent supply chain data.

Our readiness

Compliance programme

An EUDR compliance programme implemented across our business.

Robust processes Processes designed to collect, validate and maintain required due diligence information.

Regulation knowledge Internal procedures to support ongoing readiness as requirements and guidance develop.

Responsible sourcing A continued commitment to traceability, transparency and responsible forest-related sourcing.

Powered by osapiens A digital compliance platform supporting due diligence data, supplier collaboration and reporting.

osapiens

Digital capability

- Compliance automation
- Traceability and geolocation data
- Centralised data management
- Supplier collaboration
- Dashboards
- Audit-ready reporting

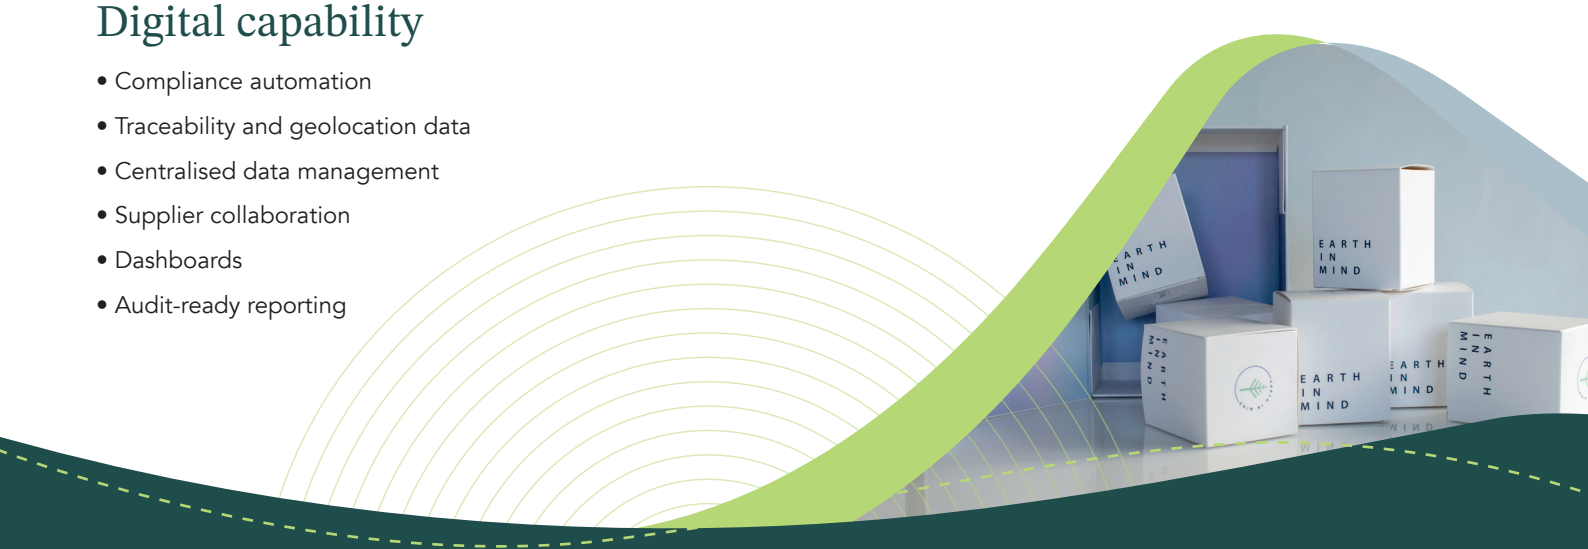

From January 2027

Weavabel plans to provide EUDR due diligence statement (DDS) reference numbers for applicable shipments entering or moving within the European Union via Weavabel Portugal. Shipments outside EUDR scope will not require or include a DDS reference number.

Our customer commitment

- Support customers through the EUDR journey
- Provide accurate documentation and data where applicable
- Maintain supply chain traceability and visibility
- Support compliance with applicable regulatory requirements
- Work together towards more responsible and resilient supply chains

Disclaimer: This material is for general information only and is not legal or regulatory advice. EUDR applicability depends on the specific product classification, transaction, legal entity, role and circumstances.

Get in touch to discuss your packaging requirements and EUDR readiness.
